

The Small and Medium Enterprises Support Agency, which is working under the Ministry of Trade and Industry, is continuing its activities to support businesses and economic development of the country. One of these projects is the Business Park in Drenas. The infrastructure of the Business Park in Drenas is already complete and ready to be used. The first phase of businesses applications has ended, businesses have been selected and contracts signed.

The Business Park in Drenas still has a number of unoccupied parcels, hence the Ministry of Trade and Industry through the Small and Medium Enterprises Support Agency is announcing the following:

Announcement

THE SECOND APPLICATION PHASE

Establishment of Businesses at the “Business Park in Drenas”

Where is the location of the Business Park in Drenas

The Business Park in Drenas is located on the 22nd kilometre alongside the Prishtina – Peja highway, in the village Koreticë. Within an 80 km diameter it covers all Kosova border points, whereas within a 400 km diameter it has access to the main pan European corridors #4, #5, #8, #9 and #10, as well as to the main regional cities: Thessalonica, Tirana, Durres, Skopje, Sofia, Belgrade, Zagreb, Sarajevo and Podgorica.

What the Business Park in Drenas has to offer

The park offers an ideal place with complete infrastructure and qualitative services. The Business Park surface covers 24 hectares and it will be part of a future industrial zone covering more than 130 hectares. The Business Park in Drenas offers different size parcels for businesses, mainly to production and services sectors. Each of the parcels has direct access to the Park's main road as well as individual connection to the park's main sewerage, potable and industrial water, gas, heating, telephony, internet, etc., systems.

Who can apply

All interested businesses, local or foreign, which meet the conditions and criteria specified by the Project's Board and which provide attractive programs encouraging creation of new jobs, reduction of poverty and economic growth.
